

# GRILL-MAX® ROLLER GRILLS WITH BUILT-IN BUN BOXES

## Model 30BB, 30SBB, 30BBC, 30SBBC, 45ABB, 45SABB, 50BB, 50SBB, 50BBC, 50SBBC 75ABB & 75SABB

### Features/Benefits:

- ★ The Star Grill-Max® line of roller grills take presentation and performance to its fullest potential morning, noon, and night.
- ★ Built-in bun box saves space, reduces cost and provides sanitary storage of buns (BB models).
- ★ Clear glass door with built-in bun compartment for visibility of buns. (BBC models).
- ★ Unique “stadium seating” rollers slanted at 3° to 5° for the best presentation of your products increasing sales and impulse purchases.
- ★ Slim-line design provides more grill surface in the same space. Increased capacity means additional sales and greater profits.
- ★ Infinite temperature controls provide more linear heat control for better performance.
- ★ Easy access control knobs provide sectional heating for front and rear rollers.
- ★ Exclusive Duratec® coated non-stick rollers, the best non-stick high performance coating for today’s high volume operations. Duratec® rollers meet the demands for improved durability, cleanability and feature superior grip for improved rollability of today’s new Roller Grill snack foods.
- ★ Chrome rollers provide a durable cooking surface designed for traditional cooking operations.
- ★ Roller grills with clear bun compartment have self closing tempered glass door allowing buns to stay fresh longer.
- ★ Seal-Max®, Star’s exclusive superior heavy-duty roller bearing and seal combination provides smoother operation, longer life, low maintenance and grease-free internal compartments.
- ★ Colorful merchandising graphics to build impulse sales.

### Applications:

Not only do Star Roller Grills, Bun Boxes and Sneeze Guards combine to make the leading “Hot Dog Center” in the industry, but these versatile units can be used for breakfast sausages as well. These units, available in a variety of styles and sizes are perfect for use in snack bars, convenience stores, recreational facilities, stadiums, and virtually any venue where fast food is sold.

### Quality Construction:

Constructed of heavy gauge stainless steel with options of Duratec or Chrome rollers with incoloy sheath elements. Infinite temperature controls for accurate cooking and holding from low to high. Heavy-duty motor provides 360 rotation of rollers with stadium seating. Units available with built in bun box or clear self-closing bun door. Units ship standard with a 6’ cord and plug.

### Accessories:

- ★ Sneeze guards are formed polycarbonate and meet health department requirements.

### Warranty:

Grill-Max® Roller Grills are covered by Star’s one-year parts and labor warranty.

### Typical Specifications

Roller Grill is constructed of all stainless steel and utilizes Duratec<sup>®</sup> non-stick coated rollers or chrome rollers and tubular incoloy sheath elements. Elements are mounted in a fixed and floating system allowing for lateral expansion to minimize warping. Infinite temperature controls provide accurate cooking and holding from low to high. Unit has a heavy-duty motor and provides 360° rotation of rollers. The rollers are arranged in stadium seating with a slope of 3° to 5°, and a graphic door provides better merchandising. The Roller Grill incorporates Seal-Max<sup>®</sup>, Star's exclusive seal and bearing combination. Units have a pilot light and 6' lead in cord with NEMA 5-15P on 120V models and 5-20P on models 45 and 75 models, NEMA 6-15P on 75 models with 208/240 volt UL-Sanitation to NSF Std. #4 approved and UL listed. Printed in the U.S.A. Star Grill-Max grills patent #6,393,971 & #6,659,574. . Printed in U.S.A.
